

# RUBRIC: SOCIAL MEDIA SERVICE (formerly Twitter Service)

Interview at Fall Showcase 2014 to be invited to State Championship 2015

Individual Student Event, Two Students Per School Allowed To Apply

We know that many of today's STLP students can actively and effectively communicate information in brief phrases, snapshots, and short video clips via the Internet. STLP needs those students who are great at capturing events as they happen and sharing their experiences via images, sound, video and text to be part of our Social Media Service.

Many people attend the STLP State Championship, but with such a massive venue, those people cannot hope to be everywhere or experience all enriching activities the day has to offer. The STLP Social Media Team will roam the State Championship and post important updates via our STLP media outlets: Twitter, Facebook, Instagram, Vine and through the STLP mobile app. Also, at the end of the STLP State Championship judging period, they will post category results in real-time, alerting/announcing winners and finalists who will appear on stage during the Award Ceremony

Students will be selected to be on the team at State and will be recognized on stage during the Awards Ceremony.

## What the STLP Coordinator/Teacher should do:

- Share and discuss the rubric with students
- Determine which students should apply for this category
- Select students who demonstrate solid digital citizenship-based decision making
- Plan for the student to attend Fall Showcase for the interview

## What the student should do:

- Review the rubric
- Familiarize yourself with various social media platforms in use by STLP Kentucky
- Gather example of your skills and ways you have positively impacted your family, school, or community through the utilization of various Social Media platforms
- Prepare examples of your Social Media skills for judges (be prepared to discuss various tools and methods you utilize, specific apps and platforms you use, and be ready to describe what value you see in utilizing social media)
- Always be prepared to present your examples in "off-line" mode (in case internet access is limited)
- **How you choose to present your examples is up to you. However, if you choose to use a device, you will need to bring that device with you.** (Do not assume judges will have Internet access or their own devices). Please be sure any device is charged and has a screen size at least as large as a tablet to make viewing easy for judges (no smartphones).

## What Judges will do:

- Interview the student and score the interview and documents based upon the rubric.

FALL SHOWCASE	CRITERIA	POINTS
<b>SKILLS</b>	Skills telling story via images/video	1 2 3 4 5
	Skills with concise communication	1 2 3 4 5
